CNC WORKING CENTER

Wood Working Center

- **Machine Feature**
- **Function Introduction**
- **Key Part List**
- **Contact us**

Feature:

VA25-1325-L8 is a wood working ATC CNC machine.

- ★ It is equipped with **Automatic tool changer** spindle, **linear style 8** tools position. plus automatic tools calibrator which is more easier to do milling, cutting, slotting and engraving work.
- ★ The table structure is black PVC vacuum table, **6 working zones**, controlled by **manual valve**, Vortex 7.5KW pump, be easier to fix different size panel firmly, which can guarantee the working accuracy.
- ★ The controller of the machine is **LMC MW2200A**, which is very easy to be operated and can match many kinds of software, such as type3, Acpha CAM and UcanCAM.
- ★ Application: **panel furniture**, musical instrument, such as **3D surface cutting**, engraving.

Video

Machine Feature

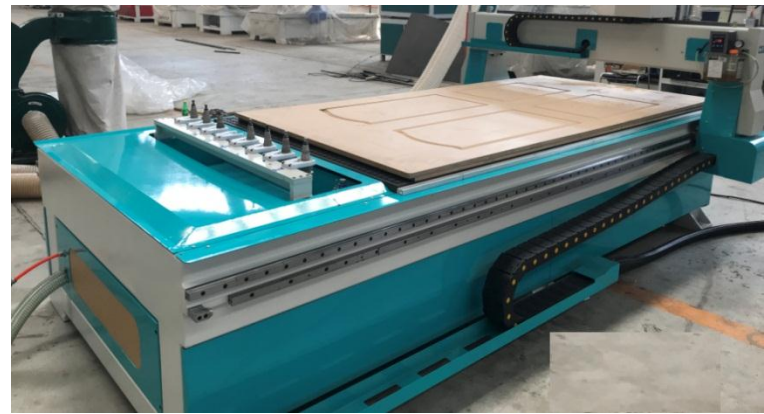

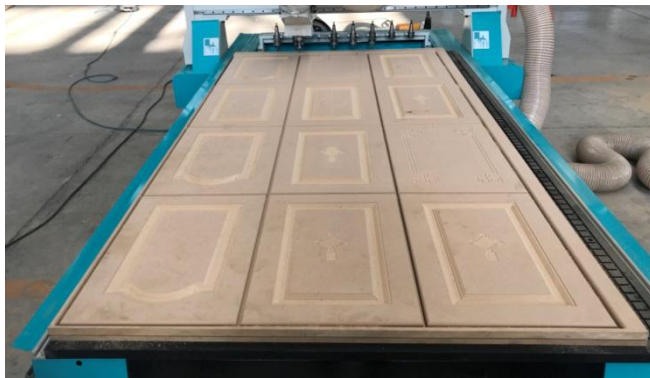

Application:

- Drilling, Milling, Cutting, Slotting on panel furniture

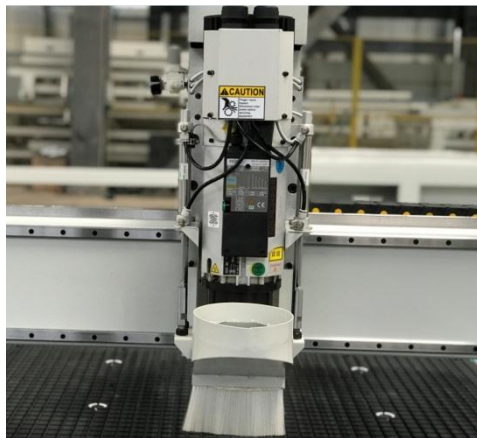

Machine Feature

General Picture:

Function Introduction

Machine Head

Spindle:

9.0KW Air cooling spindle, 24000RPM, ISO30, Automatic Tool Changer, can meet heavy duty cutting work

Dust Hood:

Available, Collect Dust, Keeping Clean Working Environment, D=150mm

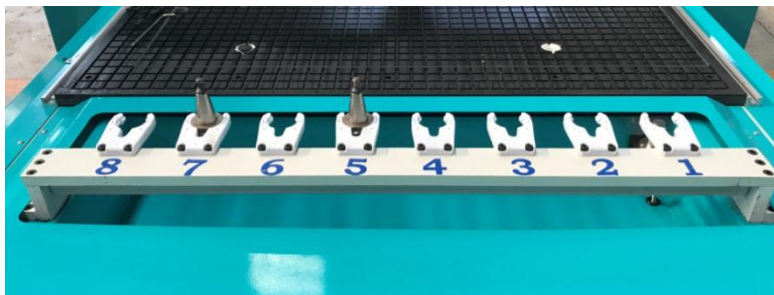

Function Introduction

Self-Lubrication:
Convenient for maintenance

X-Transmission
ROSA-TW 20mm Square guide rail

Linear Magazine
8 tools, 7s~10s time for tool changer

Y axis Transmission
1.25M Rack & Pinion; 25mm Square Guide rail; Block

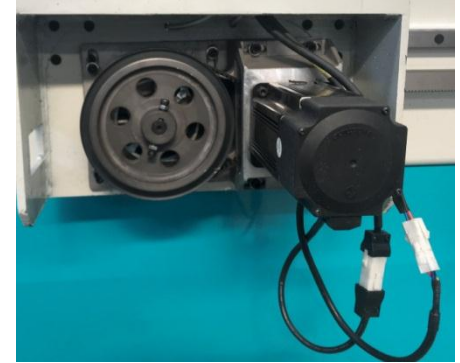

Function Introduction

Cable Carrier
Flexible, Full Sealed Cable Carrier

Tool Sensor
Automatic tool sensor with air blower

Motor
750W Servo Motor

Instruments:
1.2. Air filter
3. Air pressure adjustable
4. Air pressure monitor

Vacuum Pump
Vortex/ Vacuum pump 7.5KW / Double impeller/320M3/H

Pipeline
Steel Wire Reinforced

Function Introduction

Samples

Key Part List

MODEL	VA25-1325-L8
WORKING AREA	1300mm X 2500mmx200mm
Main SPINDLE	9KW /HQD spindle/ISO30/Air cooling/24000RPM
LINEAR GUIDE	25mm/ROSA/taiwan
AUTOMATIC TOOLS CHANGER	Linear tools changer /8 position(Incl 8 pcs holders)
SERVO MOTOR	Leadshine/750W
REDUCER MOTOR	Seamless belt reducer box
RACK AND PINION	Slanted/1.25M/taiwan
WORKING TABLE	PVC, Vacuum Table, 6 Working Zone/ Manual Valve
CONTROLLER	LNC MW2200A
SOFTWARE	UcanCam V11
ELECTRIC CABINET	Seperately Electric Cabinet
DUST COLLECTOR	Diameter=150 mm for Main spindle
INVERTER	FuLing/11 KW
CHAIN	Full Sealed cable carrier
TOOL SENSOR	Automatic/ fixed and hided at back of bench
LUBRICATION	Automatic lubrication
VACUUM PUMP	Vortex/ Vacuum pump 7.5KW / Double impeller/320M3/H

Note:

- Key parts listed above
- Other functions can be optional
- Other working area can be available
